

PROJECT PROPOSAL & IMPLEMENTATION PLAN

QuickBooks Desktop Cloud VPS Migration (Contabo Cloud VPS Plus 8)

Target Audience: Executive Management / IT & Finance

Prepared Date: September 23, 2026

Server Package: Contabo Cloud VPS Plus 8

User Capacity: 10 Concurrent RDP Sessions

1. EXECUTIVE SUMMARY

This proposal outlines the deployment of the company's existing QuickBooks Desktop software on an enterprise-grade **Contabo Cloud VPS Plus 8 (Windows Server 2022)** environment. This setup will facilitate seamless, secure, and simultaneous multi-user accounting for up to **10 concurrent team members** from any remote location.

By transitioning to this centralized cloud infrastructure powered by high-speed AMD EPYC processors and NVMe storage, the company will eliminate local network slowdowns, safeguard database integrity, and gain uninterrupted 24/7 financial management capabilities.

2. HARDWARE & INFRASTRUCTURE SPECIFICATIONS

PROCESSOR 8 vCPU AMD EPYC	MEMORY 24 GB RAM	STORAGE 450 GB NVMe
OPERATING SYSTEM Win Server 2022	NETWORK SPEED 1 Gbit/s Port	SNAPSHOTS 5 Included

3. COST STRUCTURE & BILLING OPTIONS

A. Monthly Operational Expenses (Standard Recurring)

Component Description	Plan Details	Monthly Cost (USD)	Est. Cost (LKR)*
Cloud VPS Plus 8 Base Rate	8 vCPU, 24GB RAM, 450GB NVMe	\$42.00	LKR 12,600.00
Windows Server OS License	Datacenter OS Add-on Fee	\$50.40	LKR 15,120.00
Total Standard Monthly Cost	Base VPS + Windows License	\$92.40 / mo	~LKR 27,720.00 / mo

B. Software Licensing & One-Time Initial Investment

Licensing Component	Scope & Details	Cost (USD)	Est. Cost (LKR)*
QuickBooks Desktop License	1 Single 10-User License (Existing Key)	Existing / Owned	LKR 0.00
Windows RDS CALs (10 Users)	10 Remote Desktop User Access Keys (Lifetime)	\$150.00 – \$300.00	~LKR 45,000 – 90,000
Initial Setup Fee	Contabo First-time Provisioning Fee	\$0.00 – \$6.00	~LKR 0 – 1,800.00
Total One-Time Investment	-	\$150.00 – \$306.00	~LKR 45,000 – 91,800

4. STRATEGIC PAYMENT TERM COMPARISON

24-Month Prepaid Option: Choosing a 24-month commitment waives all setup fees and yields total savings of \$228.60.

Term Option	Effective Monthly Rate	Upfront Commitment	Financial Savings & Notes
Pay Monthly (1 Month)	\$92.40 / month	\$92.40 Due Today	Maximum flexibility; pay-as-you-go billing.
12-Month Prepaid	~\$86.10 / month	~\$1,033.20 Total	15% discount on base hardware rate.
24-Month Prepaid	~\$84.00 / month	\$2,205.00 Total	Save \$228.60 total; no setup fees.

5. KEY BUSINESS & OPERATIONAL BENEFITS

- **Simultaneous 10-User Access:** All 10 accountants and managers can work inside the same QuickBooks company file at the same time without file lock issues or network disconnects.
- **AMD EPYC & 450 GB NVMe Performance:** Delivers ultra-low latency and superior database scanning speed, avoiding the common multi-user lag experienced on local PCs.
- **Work From Anywhere Flexibility:** Connect securely via Windows Remote Desktop (RDP) from office PCs, home laptops, or mobile devices anytime.
- **Data Security & Disaster Recovery:** Centralizes company financial data in an enterprise data center with 5 included server snapshots and automated background backup support.

6. IMPLEMENTATION TIMELINE

Phase	Milestone	Actions & Deliverables	Duration
Phase 1	Server Order	Provision Cloud VPS Plus 8 with Windows Server 2022 & secure 10 RDS CALs.	Day 1
Phase 2	RDS Setup	Enable Remote Desktop Services, install CALs, and create 10 user Windows accounts.	Day 1 - 2
Phase 3	QB Migration	Install QB Desktop & Database Manager. Transfer, restore, and verify company file.	Day 2
Phase 4	Go-Live	Verify user permissions, setup automated cloud backups, and issue RDP credentials.	Day 3

Conversion Benchmark: Estimated LKR amounts calculated at \$1 USD = 300 LKR for budgeting purposes.

Licensing Summary: Requires 1 single QuickBooks 10-User Multi-User License Key and 10 Windows RDS Client Access Licenses (CALs).
